

Marcin Brzozowski

Mobile and security by focus. Equally at home in a fast-moving startup or a large enterprise, hands-on or leading — and used to working across diverse, multicultural teams. I care as much about the people as the code, and the ones I work with tend to stay.

Available for full-time, contract, or short-term work — B2B via my own company, MOBILART (Poland).

INDUSTRIES

Retail · Fintech · Banking · Automotive · Security

EXPERIENCE

- **Founder & Software Engineer · MOBILART**

2020 — present

My independent software practice — building mobile and security solutions for clients across several industries.

🔒 Some projects are under NDA — I'm happy to walk you through them in a conversation.
- **Senior Android Developer · Circle K**

Apr 2024 — Nov 2025

Loyalty app for business clients built on a modular, test-driven MVI architecture. Led the migration to Jetpack Compose for a clean, maintainable codebase.
- **Senior Android Developer · Efigence**

Sep 2023 — May 2024

Card loyalty app used by millions in Poland. Integrated external stores via WebView, shipped new features and modernized the app to MVVM + Compose.
- **Reverse Engineer · Cognizant**

Mar — Jun 2023

Analyzed Android apps for malicious behavior (phishing, trojans) via static and dynamic analysis — Frida, Ghidra, JADX, Burp Suite. Lisbon, Portugal.
- **Senior Android Developer · OneSpan**

Mar 2019 — Feb 2023

Secure authentication app (OTP, push validation, scanner support) for global banks, with white-label config at build time. Maintained a legacy RxJava2/MVP app and contributed to internal SDKs.
- **Android Developer · arcusoft GmbH**

Aug 2017 — May 2018

Foto-GIS — a geotagging and documentation tool for field workers (construction, forestry, environmental), with offline support and online synchronization.
